

The background of the top section is a photograph of a modern bedroom. It shows a bed with a light-colored headboard, several pillows with geometric patterns, and a white blanket. A wooden chair is visible in the foreground. The room is brightly lit and has a clean, minimalist aesthetic.

## IMPORTANT NOTICE COVID-19 LOCKDOWN

Eazi Real Estate supports the government's call for a national lockdown to curb the spread of COVID-19. We have implemented measures to ensure we can continue our operations.

We are in the fortunate position whereby we can still offer our full real estate services within the constraints of the current circumstances.

Our online model enables our agents and support team to carry on business operations under these extreme circumstances without access to an office but still with sufficient servicing and support capability.

We will be relying extensively on our technology system that is already integrated into everything we do and we have put measures in place to avoid any face-to-face interactions for both staff and clients. Our partners, which include our bond originators and our panel of attorneys are working closely with us to improve on our current systems and they also have processes in place to continue servicing our clients during the lockdown. Furthermore, we have introduced enhanced processes and procedures to continue our end-to-end sales solution.

As a consequence of adhering to the lockdown protocol as announced by President Cyril Ramaphosa we will not be conducting any face-to-face client meetings or in-person viewings.

Eazi Real Estate is dedicated to selling your home and our team will continue to engage with buyers that show interest in your property.

Let's work together to #flattenthecurve.
